

2ND CINI ANNUAL CONFERENCE ON ICT FOR SMART CITIES & COMMUNITIES (I-CITIES 2016)

Benevento, September 29-30, 2016

<http://www.unisannio.it/I-Cities2016/>

Call for Projects & Ideas

Making cities and communities smarter is a relevant goal, but also an extremely complex process that involves several actors and poses a number of challenges in different fields. In this context the role of ICT is essential and ubiquitous to all challenges and "smart city"-related sectors.

The conference, at its second edition, is an opportunity for people from academia, industries and public institutions to meet and define new collaborations in the perspective of next national and international project calls. It is not intended to disseminate theoretical scientific activities. Instead, its main goal is to present available innovative solutions and active research projects, as well as novel ideas for new project proposals.

We expect contributions in all the fields related to ICT-based solutions for smart cities and communities. Potential topics of interest include, but are not limited to, the following application domains:

E-Health	Food	Smart Energy	Smart Building
Climate & Environment Management	Mobility, Transports & Logistics	E-tourism	E-culture
E-education	E-government	E-inclusion	Urban Security

Important Deadlines

- Submission deadline: June 20, 2016
- Notification: July 4, 2016
- Registration: July 29, 2016
- Conference dates: September 29-30, 2016

General Co-Chairs

Giuseppe Anastasi, University of Pisa and CINI
Eugenio Zimeo, University of Sannio and CINI

Technical Program Chair

Stefano Chessa, University of Pisa and CINI

Technical Program Committee

Luca Mainetti, University of Salento and CINI
Track Chair for Smart Education
Viviana Mascardi, University of Genova and CINI
Track Chair for E-health & Assisted Living
Michela Milano, University of Bologna and CINI
Track Chair for Smart Energy & Smart Buildings
Henry Muccini, University of L'Aquila and CINI
Track Chair for E-government & E-inclusion
Paolo Nesi, University of Florence and CINI
Track Chair for Smart Mobility
Gian Paolo Rossi, University of Milan and CINI
Track Chair for E-culture & E-tourism

Local organizing Committee

Lerina Aversano (Chair), Univ. of Sannio and CINI
Giuseppe Di Santo, University of Sannio
Ester Giallonardo, CeRICT - University of Sannio
Eugenio Marotti, University of Sannio
Ciro Sorrentino, University of Sannio
Paolo Suppa, CeRICT - University of Sannio

Financial Chair

Lina Esposito, CINI

Registration Chair

Giuseppe Di Santo, University of Sannio

Publicity Chair

Angelo Furno, INRIA - CITI Lab, INSA Lyon

Industrial Board

Paolo Balella, Hewlett-Packard Enterprise
Fabio Bellifemine, Energy@Home
Lanfranco Marasso, Engineering I.I.
Alessandro Pane, Ericsson
Ettore Spigno, Telecom Italia
