

CORSO DI LAUREA MAGISTRALE IN ELECTRONICS ENGINEERING FOR AUTOMATION AND SENSING
SECONDO ANNO

curriculum : AUTOMATION

ORARIO	LUNEDI	MARTEDI	MERCOLEDI	GIOVEDI	VENERDI
9:00-10:00	Distributed Measurement Aula 58-S	Dynamics and control of switched electronic systems Aula 58-S	Micro and Nano Fabrication Technologies Aula 58-S	Advanced control and applications Aula 58-S	
10:00-11:00	Distributed Measurement Aula 58-S	Dynamics and control of switched electronic systems Aula 58-S	Micro and Nano Fabrication Technologies Aula 58-S	Advanced control and applications Aula 58-S	
11:00-12:00	Dynamics and control of switched electronic systems Aula 58-S	Robotics Aula 58-S	Micro and Nano Fabrication Technologies Aula 58-S		Distributed Measurement Aula 58-S
12:00-13:00	Dynamics and control of switched electronic systems Aula 58-S	Robotics Aula 58-S	Robotics Aula 58-S	Robotics Aula 58-S	Distributed Measurement Aula 58-S
13:00-14:00			Robotics Aula 58-S	Robotics Aula 58-S	
14:00-15:00	Micro and Nano Fabrication Aula 58-S	Wearable Monitoring Systems Aula 54-S	Advanced control and applications Aula 58-S		Wearable Monitoring Systems Aula 56-S
15:00-16:00	Micro and Nano Fabrication Aula 58-S	Wearable Monitoring Systems Aula 54-S	Advanced control and applications Aula 58-S	Dynamics and control of switched Aula 58-S	Wearable Monitoring Systems Aula 56-S
16:00-17:00	Micro and Nano Fabrication Aula 58-S	Wearable Monitoring Systems Aula 54-S	Distributed Measurement Aula 58-S	Dynamics and control of switched Aula 58-S	Wearable Monitoring Systems Aula 56-S
17:00-18:00			Distributed Measurement Aula 58-S		

Insegnamenti:

CURRICULUM AUTOMATION

Advanced control and applications (6 CFU):

Dynamics and control of switched electronic systems (9 CFU):

Distributed Measurement Systems (9 CFU):

INSEGNAMENTO A SCELTA

Robotics (9 CFU):

Wearable Monitoring Systems (9 CFU):

Micro and Nano Fabrication Technologies (9 CFU):

docenti:

Prof. Giovanni Fiengo (gifiengo@unisannio.it)

Prof. Luigi Iannelli (luigi.iannelli@unisannio.it)

Prof. Davide Liuzza (liuzza@unisannio.it)

Prof. Luca De Vito (devito@unisannio.it)
